Welcome to the Harbor Method!

The philosophy of a Harbor School is grounded in the belief that when there is low threat and content is highly challenging, accelerated learning takes place.

We believe that all children are capable of more than we imagine if we unlock their potential through high expectations, a rigorous, fast-paced curriculum, and dynamic character education.

Children must attain not only the knowledge and skills necessary for the 21st century, but also the work habits, the communication and problem solving habits that contribute to a democratic society.

The Harbor Method™

The Harbor School Method is a way of teaching, a way of learning and a way of schooling. It is whole school approach designed to educate children to be capable and caring graduates ready for the next level of their education. Harbor Schools create a setting focused on the development of knowledge and skills, as well as the development of attitudes and dispositions of children. It is grounded in core beliefs about children, how they learn and the responsibilities of the adults who shape their development. What makes Harbor schools unique are the manner in which competent and caring professionals, accelerated instruction, and the school environment work together to create a way of being as a school.

The Harbor Method was originally founded by Rebecca Stallcop, currently the principal of Liberty Charter School. Long before Liberty existed, Mrs. Stallcop and talented teachers brought their beliefs, knowledge and skills to bear to create a school where students learned more because they were taught more and where expectations for conduct were shared throughout the school. Mrs. Stallcop's passion remains focused on the preparation of future generations who can contribute to a democratic society as exemplars of learning, leading and citizenship.

The Harbor School Method incorporates the five key areas illustrated below. Each one is summarized in the following pages.

STUDENT LEARNING

Student Learning

Core Beliefs

- *Learning will accelerate when learners feel safe to discover, practice and improve.*
- *Work habits and dispositions are learned and are important to academic performance.*
- *Adults are the models from which children learn.*

Children learn in a social environment of schools. They learn in and out of the classroom. They learn by what they see, what they hear and what they do. The Harbor School Method is built on the belief that all students should know that their teachers have high expectations for their academic accomplishments and for their conduct.

Harbor educators intentionally design every aspect of school to provide clear and consistent expectations for students. This helps students know what is expected of them at school. The Harbor Method intentionally develops work habits in students that will serve them throughout their lives. Nurturing the development of students' intellectual, social, interpersonal and character growth is expected to be evident throughout the programs of a Harbor School. The goal of a Harbor School is to ultimately be career, work and college ready. Here are some of the core practices at your Harbor School:

- ***Students are deeply engaged in their work.*** Engagement is defined as the extent to which a student is *connected* to their work. How they do in school matters to them. The adults in the school continually help students develop a sense of personal accountability and responsibility for their performance.
- ***Students demonstrate exemplary work habits.*** Because students understand expectations early and expectations are consistent throughout the school, they are able to develop work habits that serve them.
- ***Students contribute to a caring and kind community with pride for their school.*** We expect students to understand how their conduct influences others and their school. They learn "Rules and Reasons." Teachers use stories to teach and shape student conduct.
- ***Students participate in service learning.*** Service learning is integrated in the instruction and in the school to enrich a student's experience and to teach civic and personal responsibility. Students learn service begins in their homes and their schools.

SCHOOL CULTURE

<p style="text-align: center;">School Culture</p> <p style="text-align: center;">Core Beliefs</p> <ul style="list-style-type: none">• <i>Kindness is fundamental to safety in a community.</i>• <i>The time to fix behaviors is when they are not broken.</i>
--

School cultures teach. They teach through the expectations set for and by the people working in them, both children and adults. They teach through the visible and invisible ways that people work together. They teach through the ways in which people treat one another.

Harbor schools intentionally create a culture that lives what it believes. School cultures teach children and adults directly and indirectly. Everything that occurs within a school culture shapes behavior of people. We are intentional about shaping that behavior.

Harbor Schools focus on safety by creating an environment of trust. They come to know that the adults care about them and for them. If there is a problem, the adults will handle it. A focus on kindness and a zero tolerance policy for teasing, taunting, bullying, and negative peer pressure creates a positive, supportive and constructive environment for children to learn and grow.

Students learn how to demonstrate respect for others and how to earn it. Personal responsibility is built into classroom and school wide activities.

Core practices of Harbor school culture include:

- **Conduct expectations are taught at the beginning of a school year.** Students learn early that their conduct in school creates the foundation for their conduct after they leave school. They are taught expectations, hear examples and observe the modeling from adults. Consequences occur naturally and always with an explicit lesson.
- **Students are expected to walk, without talking, in lines** from kindergarten through eighth grade. This is an example of proactive expectations minimizing opportunities for misconduct and distractions in hallways.
- **Students learn that there is zero tolerance for bullying.** Instead there are opportunities for them to learn how to demonstrate kindness to others, creating a sense of security.
- **Respect and responsibility are taught.** Respect for property, people and the quality of their work are emphasized in a school using the Harbor Method.
- **Students know they will be recognized for their successes,** not only in what they know and can do academically, but also in their effort and attitude.

INSTRUCTIONAL FIDELITY

Program and instructional consistency is a signature feature of Harbor Schools. Three key elements distinguish a Harbor school's approach to academic learning from other schools.

One - Faculty and staff who decide to work in a Harbor School commit to adopting the beliefs that ground the schools' philosophy. Their teaching, leading and working habits emerge from those beliefs.

Two - Faculty and staff use an accelerated curriculum, proven teaching strategies and student management practices that support the intellectual as well as the social, emotional and character development of children.

Three - Instructional fidelity is defined as all teachers and school associates consistently implementing Harbor philosophy and practices within the school. The consistency of structure, expectations and instruction accelerates learning.

This feature brings benefits to student learning because they know what to expect from grade to grade, class to class, adult to adult. Students learn the instructional routines in early grades which accelerate their ability to focus on new information, skill development and thinking skills. The core instructional methodology is consistent across grades yet implemented with the unique creativity and talents of each teacher.

Core practices of Harbor Method include:

- **Teachers teach an accelerated curriculum.** There are grade level and above grade level concepts and skills everyday on *concept boards*, usually the whiteboards in the classroom. These concepts boards have clearly defined content and skills, chunked in small learning increments that are taught to all students each day. Concepts and skills are repeated so that students have multiple opportunities to learn and practice.
- **Teachers use multi-sensory learning experiences.** Teachers have students repeat rhymes, perform skits and use a variety of modalities to assist students in learning specific skills.
- **All content areas are venues for character development.** Harbor is an integrated approach. Learning acceptable work habits, character traits and dispositions are integrated throughout the day.

SCHOOL LEADERSHIP

School Leadership

Core Beliefs

- *Principals and school boards are accountable for the quality and performance of the school.*
- *Leaders create the conditions for adults and students to be successful.*
- *Leaders connect parents and community to the school and its mission.*

The quality of a school, the quality of teaching and the confidence of parents rest on the performance of the school's leaders. The ability of a Harbor School to carry out its mission depends heavily upon the strength of its governing board. An effective board provides strategic direction for the school, chooses and nurtures strong school leaders, and ensures the school's financial and legal soundness. For a charter school to succeed, it must form a board that is committed to the school's mission, possesses substantial leadership skills and expertise, sets policy that guides the school's work, and evaluates both the school and itself with an eye toward continuous improvement.

The principal's primary responsibility in a Harbor School is to create the conditions in the school community that support the Harbor core practices. The principal must protect teaching time, monitor quality instruction and be present throughout all student activities. You will see the principal every morning as students get dropped off and picked up at the end of the day. Principals in Harbor Schools are extremely visible to the student population. They are in classrooms every day, in hallways, in lunchroom, and on playgrounds. They use all of these venues to interact with students and use natural opportunities to teach, model and acknowledge student successes. Core practices of school leadership include:

- ***Principals act as stewards of the educational process.*** They understand their responsibility as guardian of trust of students, parent and staff. They work to ensure that parents have confidence in the school as a place where students can experience success in learning.
- ***Principals are present, visible and actively monitor the learning environments.*** Since principals supervise lunch time, arrival and dismissal, they are visible and use this time to chat with parents and to interact with students. Paper work and other management responsibilities are performed before and after the instructional day.
- ***Boards and principals work to establish proactive communication and positive relationships with parents.*** A charter school board and principal make communication a management priority. Contributions of parents' time, talents and energies are a valuable asset to enhance the school's capacity to meet the educational needs of its children in extraordinary ways.

PARENT ENGAGEMENT

Parent Engagement

Core Beliefs

- *Educators regard and engage parents as their children's first teachers.*
- *Parents contribute to building the excellence of a school.*

Harbor schools depend on the support and engagement of parents. Most of the schools began with a small group of interested, committed and dedicated parents who wanted a Harbor education for their children. Harbor educators remember that and cultivate strong parental engagement. The school actively works to earn parents' trust and confidence to provide a safe and productive learning environment.

Parents need to have sufficient understanding of the Harbor Method. Your understanding of Harbor practices is essential for you to support your child's education. Parents are encouraged to volunteer in various ways to enhance the program's effectiveness.

Core practices of Harbor Schools include:

- **Parents can expect the principal to protect instructional time.** Interruptions are kept to a minimum. Your child's instructional time is the highest value in a Harbor school. Emergencies are an exception. All other communication with the principal and with teachers is done before or after school.
- **Harbor practices are designed to develop work ethic, positive character attributes as well as academic assets.** We encourage parents to support their children in their homework and to reinforce personal responsibility in your child.
- **There is a high expectation for student attendance.** The reason for this is to instill a sense of high value and respect for their time at school. We believe that this is a foundation for a habit of work that will serve them beyond school. For this reason, parents are asked to plan family trips and vacations around the school calendar.
- **Leadership, teachers and parents share a mutual purpose.** That purpose is a successful educational experience for your child. That mutual purpose provides the foundation for problem solving as issues arise. Parents are encouraged to contact the principal to clarify facts regarding any issue that arises. Harbor schools attempt to minimize stories or gossip and maximize facts and mutual problem solving. Always begin with the principal to obtain the facts as issues inevitably arise.

The habits we form from childhood make no small difference,

but rather they make all the difference

STUDENT ATTENDANCE

At Victory Public Charter School regular attendance and punctuality are a vital part of a student's education. Teachers implement a high level of direct teaching and interactive learning and both students and teachers are held accountable to complete a set of standards and benchmarks. These teaching techniques do not allow students to simply make up concepts missed. Additionally, Victory's mission is to develop students who will become exceptional employees, and incorporates a school-to-work emphasis in all we do. As attendance and punctuality are essential qualifications for individuals in the workforce, so they will be for those who attend Victory. In accordance with our charter, Victory Charter School has a 96% attendance standard. Every effort and commitment should be made by students, parents and administration to ensure that students are in attendance and punctual every day. A year round school calendar is provided well in advance to allow families to schedule activities during breaks. Students are expected to attend classes regularly.

ELEMENTARY (K-8) ATTENDANCE POLICY

TARDY POLICY

All students arriving late must sign in at the office to ensure accurate records and lunch counts. **Students arriving more than 5 minutes late need an adult to sign them in** at the office and are considered tardy. Students leaving and returning during the school day must be signed in and out by an adult.

Each time a student has three (3) excused tardies in 1 school calendar year (August – June), the student will be treated as having 1(one) excused absence per 3 excused tardies.

Each time a student has three (3) unexcused tardies in 1 school calendar year (August – June), the student will be treated as having 1(one) unexcused absence per 3 unexcused tardies.

ABSENCE POLICY

Excused absences - The Administration and Governing Board recognize that there are special circumstances when a student may need to participate in another event or activity rather than attend class. An absence will be considered "excused" if the student could not attend class because he/she is ill. Up to two (2) excused absences will be allowed if the student is attending a funeral or wedding, and the student's parent/guardian provides reasonable evidence that this was the cause of the absence. However, the cumulative effect of regular class attendance is critical to the learning experience that Victory Public Charter School offers, which the student misses even when the absence is excused.

Unexcused absences - Absences due to non-school related activities, unapproved club or family events, trips or vacations, and any absences not reported to the school by a parent/guardian within two school days of the student's return to school. If a parent or guardian cannot reach the office by phone they may leave a phone message, send an e-mail or written note to the school office. Parents should schedule doctor, dentist and orthodontist appointments after school hours or during breaks. Absences for non-emergency or routine dental, medical and orthodontic appointments are considered unexcused. Off-campus lunches with parents, family, or friends are unexcused.

SANCTIONS

A student receiving one (1) or more unexcused absences in a twelve-month period will not be eligible to receive Citizen of the Month for following the date of the absence. Any student in 6th through 8th grade receiving three (3) unexcused absences will have the grade he or she would otherwise receive reduced by one full letter grade. Students who accrue five (5) or more unexcused absences or nine (9) excused and unexcused combined absences in a school year will lose their seat.

TRUANCY

Truancy is defined as a student being absent for all or any part of the school day without the approval of the parent, guardian or school authorities. This includes students who are on the campus, but not in their assigned classroom. Truancies accrue for the entire year. Students who accrue five or more unexcused absences or nine excused and unexcused combined absences per year will be subject to expulsion.

ABSENCE VERIFICATION

When a student has not arrived by 9:00 a.m., and no contact from a parent has been received, a school representative will attempt to contact parent/guardian. To have an absence excused, a parent/guardian must call or send a signed note stating the reason for the absence upon the student's return to school. A doctor's note is recommended for extended absences due to medical reasons. Three (3) or more consecutive absences may require a note from a physician. **If appropriate notification has not been received within 2 days of student's return to school, the absence may be considered an unexcused absence.** Parents whose work schedule prevents them from contacting the school during the normal school hours are strongly urged to send a note with the student, leave a phone message after hours, or email the school with an urgent message.

DISCIPLINE

DISCIPLINE POLICY

Students are expected to be respectful and kind to fellow students, staff and visitors at all times, exhibit good work skills, and use appropriate language. Students are expected to follow school rules and policies throughout the school day, at all times on the Victory Public Charter School campus and while involved in any event associated with the school. School rules and policies apply to transportation to and from events as well. See policy 3330.

STUDENT APPEARANCE

In an effort to maintain a safe and orderly school environment for students, the following dress guidelines have been established. It is the opinion of the administration and the governing board that student attire has a direct effect upon the educational environment and upon the individual student's ability to function at an optimum level.

Appropriate clothing for class or any school activity must be reasonable, safe, clean, and non-revealing. An individual's dress and personal appearance should reflect a sensitivity and respect for others as well as what would be considered appropriate in a casual-professional work environment. Therefore, the following guidelines are to be followed by students of Victory Public Charter School:

- **Students in grades K – 8 will NOT wear makeup at Victory Public Charter School. However, blemish corrector and CLEAR lip gloss are allowed.**
- **Students in grades K – 8 may only wear shorts or sandals before the Fall Break and after the Spring Break.**
- Midriffs, cleavage and underclothing must be concealed at all times.
 - Pants are to be worn at the waist covering underwear.
 - Shirts and tops must cover the shoulders, no tank tops or shirts with armholes open below the armpit area.).
 - Tops must cover cleavage (Neckline should be higher than the straight line from underarm to underarm).
 - Shirts and tops must reach below the belt line to cover the stomach.
 - Tops must conceal undergarments, e.g. no bra straps showing and no sheer or see-through tops.
- **Shorts and skirts must be no more than 3 inches above the top of the knee (the width of 4 fingers above the knee cap) and provide coverage when the student bends over at the waist.**

- Footwear must be worn at all times for health and safety. Flip flops may be worn before fall break and after spring break. Students will refrain from wearing gang attire of any kind. Garments that advertise inappropriate or illegal substances or clothing items with suggestive or obscene statements are prohibited.
- Hats, bandanas, stocking caps and hairnets are prohibited.
- Hair color will be within the natural hair color spectrum (brown, black, blonde or auburn).
- Facial piercing will be limited to small studs in the nose only.
- No facial rings of any kind will be allowed.
- Earrings are acceptable with the exception of ear gauges. **EAR GAUGES ARE NOT ACCEPTABLE.**
- Temporary and permanent tattoos must be concealed during school hours. (Medical tattoos may be allowed with approval by the administrator).
- Pajamas and loungewear are not allowed.

The administrator or his or her designee may determine whether clothing is too revealing or inappropriate and whether it has a direct effect upon the instructional effectiveness of the School and upon the individual student's ability to function at an optimum level. If a conflict arises in the interpretation of this policy, the interpretation of the Administrator/designee shall be final. Administrators and teachers shall use reasonable discretion in enforcing this policy.

Students wearing attire deemed inappropriate by VCS staff or Administrator will be provided alternative clothing to cover up (i.e. large t-shirts or sweatpants) or may require the student to contact someone to bring them appropriate. This clothing must be laundered and returned to the school the following day.

Required dress for student participation in activities that are in any way representative of the individual school or community shall be outlined by the respective sponsor and administration.

WEAPONS POLICY

Absolutely no weapons of any sort or anything that resembles a weapon are allowed. This includes toy weapons on Victory Charter School property or at school sponsored activities at any time under any circumstances. No student shall use or threaten to use an article designed for other purposes to inflict bodily harm and/or intimidate other students or staff. Any student who brings a weapon to school property and/or school sponsored activities is in violation of the Gun-Free Schools Act and Idaho Code 18-3302D, and shall be expelled for a period of no less than 1 year (12 months). A recommendation will be made to the Governing Board for extended suspension or expulsion

Consequences: The school district takes a position of addressing each case individually in regard to the possession, use/threaten to use or distribution of weapons by students. The minimum consequence for student's possession, use/threaten to use or distribution of weapons may include:

- Confiscation of the weapon
- Notification of Police
- Notification of parents/guardians
- Suspension
- Hearing with the Governing Board

Application to Instructional Equipment/Tools: While the school wishes to address each case individually, it takes a firm position on the possession, use or distribution of weapons by students. Such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students. Such equipment and tools, when properly possessed, used and stored, shall not be considered in violation. However, when authorized instructional and work equipment and tools are used or modified for use in a potentially dangerous or threatening manner, such possession and/or use will be treated as the possession and use of a weapon.

FIGHTING (BATTERY)

Victory Charter School's philosophy "*is grounded in the belief that when there is low threat and content is highly challenging, accelerated learning takes place*". Fighting is diametrically opposed to "low threat". A fight is described as follows: Pushing, shoving, kicking, pulling or physically connecting in an aggressive manner with another student. Parents will be notified of any fight (battery). The consequences for a fight are as follows.

Administrative Discretion:

Depending upon the nature and severity of the fight at issue as well as the prior disciplinary history of the student in question, the administrator may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for greater or lesser discipline.

1st Fight (Battery):

- Parents will be notified by phone.
- Loss of recess and P.E. for 5 school days.
- Loss of field trip privileges: K, 1, 2, 3 – One field trip. Grades 4, 5, 6, 7, and 8 loss of all remaining field trips for the school year.
- If deemed necessary, the authorities (police) will be notified.

2nd Fight (Battery):

- Parents will be notified by phone.
- Grades K, 1, 2, and 3 – loss of all remaining field trips for the school year.
- The Victory Public Charter School Board will be notified and may require a meeting with the student and parents.
- Authorities (police) will be notified.
- Three day suspension

3rd Fight (Battery):

- Parents will be notified by phone.
- Authorities (police) will be notified.
- The Victory Public Charter School Board will be notified and will conduct a hearing with the student and parents to determine whether student will be expelled or serve suspension.

A student who has been identified in a fight may participate in an off campus activity if he/she is transported to and from the field trip location(s) by a parent and is supervised by the parent for the duration of the field trip. The student's safety is the responsibility of his/her parents.

DRUG POLICY

Victory Charter School adheres to the policies as described in the Safe & Drug Free Schools Act as described by the Idaho State Department of Education and enforces a "no tolerance" drug policy. A student is in violation of school policy if he/she is involved with drug paraphernalia, controlled substances, or drugs, on any school premises or at any school sponsored activity. All incidences or suspected incidences of possession or distribution of controlled substances, over-the-counter, or prescription medication will be reported to the appropriate law enforcement agency. Any student requiring over-the-counter or prescription medication must leave it with the school secretary in the office. If there is probable cause that a student is in possession of drugs, all property is subject to be searched.

BULLYING AND HARASSMENT

Victory Charter School will maintain an educational environment in which hazing, harassment, intimidation, menacing, cyber bullying, or bullying by students, staff or third parties shall not be tolerated.

Bullying is the repeated aggressive behavior of frightening of others with an apparent intent to dominate. Bullying may include, but not be limited to, physical (hitting, pushing, or attacks on property; verbal (name-calling, obscene gestures, malicious teasing, or electronic threats); or indirect attacks (intentional exclusions from groups, anonymous hurtful notes, or spreading false rumors). Bullying often occurs without provocation. Bullying is not playful teasing between relatively equal individuals and may include harassing, intimidating, threatening, or terrorizing another student or staff member.

Cyber bullying includes but is not limited to, the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another student or staff member by way of any technological tool, such as sending or posting inappropriate or derogatory email messages, instant messages, text messages, digital pictures or images, or website postings (including blogs). In the situation that cyber bullying originated from a non-school computer, but brought to the attention of school officials, any disciplinary actions shall be based on whether the conduct is determined to be disruptive of the educational process.

Bullying or cyber bullying behaviors have the effect of:

- Physically, emotionally or mentally harming a student;
- Placing a student in reasonable fear of physical, emotional or mental harm;
- Placing a student in reasonable fear of damage to or loss of personal property; or
- Creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities.

How to report bullying:

A student can report a complaint of hazing, harassment, intimidation, bullying, cyber bullying, or menacing orally or in writing, to the administrator or a staff member. If a parent initiates the complaint, the administrator/designee will follow-up with the student. Information will be gathered by the administrator/designee to determine if the alleged bullying or cyber bullying conduct occurred. After gathering the information, the administrator will determine the need for further investigation or the appropriate intervention, including contacting parents and disciplinary actions, to ensure that the conduct ceases.

A violation of this Policy will subject the offending student to appropriate disciplinary action, consistent with the school's discipline policy, which may include suspension, expulsion, or notification to the appropriate authorities. Bullying incidents which occur off school grounds but have a negative effect on the learning environment and culture at Victory may be addressed at school by the administrator using appropriate disciplinary measures.

SEXUAL HARASSMENT

It is the policy of Victory Public Charter School to maintain a learning environment that is free from sexual harassment. It is a violation of this policy for any School employee to harass a student or for any student to harass another student through conduct or communication of a sexual nature.

For the purpose of this policy, sexual harassment is defined as any unwanted or unwelcomed advances, verbal, written, or physical conduct of a sexual nature that interferes with a student's right to learn, study, work, achieve, or participate in a comfortable and supportive educational atmosphere.

It is the express purpose of this policy to see that no student is subjected to language or harassment that makes him/her feel uncomfortable or unsafe. Students who believe they are being harassed should report the situation to a teacher, or the administrator immediately. Disciplinary action for violation of this policy may involve up to and include suspension and/or expulsion. School officials will follow appropriate state and federal laws. Any individual seeking further information may contact the Title IX Coordinator:

LANGUAGE

Students will refrain from swearing or using foul language at all times. Students will speak kindly and respectfully to staff and fellow students. Students speaking inappropriately, disrespectfully or unkindly will be assigned detention and an incident report will be completed. Repeated incidences may require an appearance before the Governing Board.

DRUG AND ALCOHOL USE

Drug Free School Policy

Victory Charter School adheres to the policies as described in the Safe & Drug Free Schools Act as described by the Idaho State Department of Education and enforces a “no” tolerance drug policy. All incidences or suspected incidences of possession or distribution of controlled substances, over-the-counter, or prescription medication will be reported to the appropriate law enforcement agency. Search and Seizure Philosophy

In order to maintain a quality educational atmosphere, preserve discipline and good order, and promote the safety and security of students and employees, all school property, including, but not limited to, buildings, equipment, buses, grounds, and other physical settings and equipment of Victory Public Charter School is under the direct jurisdiction and exclusive control of the Governing Board and subject to search by members of the administrative staff. Therefore, students are advised that it is the policy of this school that members of the administrative staff have the authority to search all school property, including student desks, areas designated by the school for storage of students' personal property, and all other school property over which the school has control at any time, without student consent, and without a search warrant. Members of the administrative staff also have the authority to search the personal property of students when reasonable under the circumstances.

ACADEMIC INTEGRITY/PLAGARISM, CHEATING

Victory Public Charter School considers cheating or academic dishonesty to be a serious violation of school rules and has adopted procedures (below) to deal with students who have committed any of the following:

- Receive or provide information during a test.
- Receive or provide information on tests during an earlier period.
- Use unauthorized material on tests.
- Use ideas or written material from other sources, i.e., students, professional writers, Internet notes, study guides without acknowledging the source in their own writing.
- Use or copy another student's homework when not authorized by the teacher to do so.
- Allow other students to use their work on assignments.

First Offense – Student is given a zero on the compromised work. Parents will be notified.

Second Offense – Student will receive a zero and will be referred to administration for further disciplinary action including the possibility of suspension or expulsion.

SUSPENSION AND EXPULSION

Victory Public Charter School recognizes that students are entitled to attend a free public school and that even temporary denial of that right may occur only after careful attention designed to protect the individual rights of students. However, the school is also responsible for providing a safe learning environment which protects the safety of all students, volunteers, and personnel.

The Idaho Legislature has empowered public schools to provide temporary suspension and for expulsion of individual students when circumstances demonstrate that such action is necessary for the protection of the rights of other students, necessary for the orderly operation of the school process, and/or necessary for the protection of the safety of other students.

Suspension and/or expulsion of students with disabilities will be handled in compliance with federal law and following the Idaho Department of Education Special Education Manual as outlined in the Victory Policy regarding discipline for students with disabilities.

HOMEWORK POLICY

The education of today's youth must be considered a team effort involving parents, students and teachers. Research shows that the most successful students, regardless of family income or ethnic background are those who have regularly structured homework time. Homework allows additional practice and reflection, reinforces skills, and provides practical application and time for additional research. Homework helps establish a basis for independent and life-long learning while the discipline of nightly homework creates a habit that will be beneficial throughout life.

- Homework assignments are required and will apply to the student's grade.
- Late assignments will be awarded a lower grade.
- Benchmark assignments must be completed to receive credit.
- Assignments more than one day late may or may not be accepted at the teacher's discretion.
- Homework due during an unexcused absence will receive a failing grade at the teacher's discretion.
(Teachers will establish specific policies for their classes and will share those with their students.)

It is not our intention that parents teach their students; however, parental support and encouragement are essential for many students to be successful. The following have proven beneficial to both parents and students:

- Establish with your student that homework is a priority.
- Establish a regular homework schedule.
- Discuss, read and review assignments periodically.
- Listen to rehearsals of presentations.
- Review and discuss grades on completed assignments.
